

Nurse Practitioner

We are seeking a nurse practitioner to join our pediatric clinic team! Proof Alliance is a national leader in promoting awareness about the effects of prenatal alcohol exposure and supporting individuals and families impacted by fetal alcohol spectrum disorders (FASD). Our FASD diagnostic clinic is one of the few clinics throughout Minnesota that does FASD diagnostic evaluations. Our clinic serves patients throughout Minnesota and trains health practitioners across the country in FASD assessment.

WORK STATUS: 1099 Contracted position, 20 hours/week

HOURLY RATE: \$90/hour

LOCATION: This position is in St. Paul Minnesota. Proof Alliance values a flexible working environment and currently works in a hybrid environment with time spent in the office and remote, depending on the position requirements.

REPORTING STRUCTURE: This position reports to the Clinic Manager

PRIMARY DUTIES AND RESPONSIBILITIES:

The Nurse Practitioner will work in the Proof Alliance FASD Diagnostic Clinic providing the medical examination portion of an FASD diagnostic assessment.

- Perform medical FASD evaluations (telehealth and in-person) for pediatric patients
- Work closely with the clinical psychologists to diagnose FASD
- Work with the clinic care coordinator to provide recommendations and referrals
- Collaborate as needed with the medical director
- Educate patients regarding the FASD diagnostic evaluation and recommendations
- Participate in clinic team meetings
- Work with Proof Alliance staff to develop best practices in diagnosing FASD and development of innovative approaches to reducing barriers in patient care and clinic capacity
- Educate health care professionals on FASD diagnostic evaluation methods

QUALIFICATIONS:

- 2+ years as a pediatric nurse practitioner (CPNP) or family nurse practitioner (FNP)
- Strong interpersonal and communication skills, both verbal and written
- Highly proficient in Outlook, Microsoft Teams, software platforms used for telemedicine, and electronic medical record software

Preferred

- Experience working with traditionally under-represented communities in Minnesota
- Understanding of fetal alcohol spectrum disorders (FASD) or other developmental disabilities
- Experience providing interprofessional education and training

ADDITIONAL INFORMATION: Completion of a background check and confidentiality agreement required.
